

# What is a Bicycle Boulevard?

*“I love Bicycle Boulevards – they create quieter and prettier neighborhoods for us all.”*

**A BICYCLE BOULEVARD IS A CLEARLY MARKED BICYCLE AND PEDESTRIAN PRIORITY ROUTE THAT:**

- Is comfortable, safe, and convenient for cyclists and walkers
- Allows auto traffic and parking
- Reduces high speed, cut through auto traffic

The Bicycle Transportation Alliance is going to launch “Let’s Get Going” in September 2008, a campaign to build a new route in NE Portland. Come to a neighborhood association meeting to learn more about it!
